

Artist Submission Policy

We are always looking at new work and are particularly interested in fully realized works on paper in all media. We will accept and review submissions in the form of CD's or slides accompanied with a self-addressed stamped envelope, and will review websites and jpegs based on an e-mail.

However, we are NOT interested in the following:

Work that deals with the figure (especially nudes)

Surreal Art

Abstract Expressionist Art

Photography

And, unfortunately, we cannot work with artists from overseas.

Thank you for your understanding.
