Beautiful Blends

Simple strokes create a complex sense of place.

PAINTINGS BY CANADIAN ARTIST SARA MACCULLOCH WILL BE THE FOCUS of an exhibit opening this month at Toronto's Wynick/Tuck Gallery. Using minimal strokes, MacCulloch paints simple subjects that evoke a feeling of place. She strives to make her paintings resonate even for those unfamiliar with the locale. MacCulloch mixes different applications of wet paint. "It drips, it separates, the colors blend," she says. "I have to work really fast. Whether something comes together or not seems like luck." See how a little luck and a lot of talent combine to create exciting art in *New Paintings*, on display through December 16. *Tel: 416-504-8716 or wynicktuckgallery.ca*
